

MATERIAL SAFETY DATA SHEET

SECTION 1- General Information

<u>Manufacturer's name</u>	Shanghai Sanding Printing Rubber Product Manufacture
<u>Address</u>	Rm1004,No.3,JingCheng Building,No.37,ZhangJiaBang Road,Shanghai,China Tel:86 21 5831 7707 Fax:86 21 5831 8372
<u>Trade Name</u>	Offset Printing Rubber Blanket
<u>Compound</u>	Complex of Elastomeric mixture and cotton/polyester fabrics
<u>Date issued</u>	01/10/2015
<u>Ingredients</u>	NBR,Polysulfide Rubber,Silica,Calcium,Carbonates,Sulfur,Zinc Oxide,etc...
<u>Source of exposure limit date</u>	Not applicable

Section 2-Physical Appearance

<u>Specific Gravity</u>	Apparent 0.95-1.15
<u>Pencent Volatile</u>	Not applicable(solid material)
<u>Appearance</u>	Rubber coated fabrics,characteristics odor of cured polysulfide rubber compound

Section 3-Fire & Explosive Hazard Data

<u>Flash point</u>	Not relevant
<u>Extinguishing Media</u>	Water,foam,dry chemical or Carbon Dioxide
<u>Special firefighting Instructions</u>	Treat as hydrocarbon fire use fresh air masks
<u>Unusal fire & Exposure Hazard</u>	Not known

Section 4-reactivity Data

<u>Stability</u>	Stable
<u>Hazardous Decomposition Products</u>	Combustion will emit carbon monoxide,carbon dioxide,oxides of sulfur,hydrogen sulfide,nitrogen compounds,aldehydes,hydrocarbns,acrylonitrile and hydrogen cyanide

Section 5-Environmental information

Recommended Disposal

Local authority regulations should be taken into consideration. However, product can be buried or incinerated with household items

Section 6-Suggested First Aid

Eye and skin contact

None, if product is used for intended purpose

Inhalation and Ingestion

Section 7-Precautionary Information

Storage Conditions

Cool,dark,dry,ozonless place and with small ventilation is suitable for keeping quality and deodorizing

Section 8-Special protection

Eye and skin protectin

Not required when product is used for intended purpose

Ventilation

Ventilation is recommended if odor is strong

Respiratory protection

Not applicable

Section 9-Health Hazard

Eye contact

Remove as for any foreign object,flush immediately with water for at least 15 minutes.obtain medical attention

Skin contact

Wash with soap and water

Inhalation and Ingestion

Not applicable
